When something goes wrong in this system, it can cause serious problems, including problems of arterial pressure problems cardiacos problems with breath and swallow the olitant dysfunction in badges of the nervous system menan "We can occur alone or as a result of another disease, such as Parkinson's disease, alcoholism and diabetes. Problems can affect any part of the system, such as complex regional pain sorrows, or the entire system. Some types are temporary, but many get worse over time. When they affect their respiration or cardiac function, these distances may be life threatening. Some disturbances of the autonomic nervous system are better when an underlying disease is treated. Often, however, there is no healing. In this case, the objective of the treatment is to improve the symptomsicd-9-cm volume 2 volume inputs containing back references to 337.9: angioso 443.9NerVearm 354.9xillar 354.0Median 354.1ultian 354.2Autonã'mico (see also m neuropathy, perifà © rich autonÃ'mico) 337.9Axilar 353.0 leg 355.8plantar 355.6lower end -
